**Speaker:** Dermot Walsh, Energy & Systems Support Manager at Ervia

**SYNOPSIS:**

**10 Year Journey to Facilities Management (FM) Success**

Ervia is the commercial semi-state multi-utility company responsible for the delivery of Ireland's national gas and water infrastructure and services.

Over the past 10 years Ervia has developed an award winning Facilities Management Team, with the systems and process developed for supporting two national utilities in Gas Networks Ireland and Irish Water.

The presentation will provide an insight into how the Ervia Facilities Management Dept. has transformed over the last number years, through significant organisational transformational change and adapted to meet the growing needs of the organisation and workplace.

**SPEAKER BIO:**

Dermot Walsh has over 12 years' experience in Facilities and Energy Management, working principally in Pharma and Utility Sector, both on the service delivery and client side.

He is qualified with BEng (Hons) in Mechanical Engineering, BSc (Hons) in Environmental Management and also holds an MSc (Hons) in Energy Management.
