

EXCITING EVENTS TO GET INVOLVED IN

STEPS to engineering needs you!!

2008/2009 will be another busy year for STEPS to engineering with many events planned for the coming months. We would appreciate help from our volunteers with any of these events.

- **Engineering & Technology Champions**

Would you be interested in visiting secondary schools or colleges in your area to discuss your experiences as an Engineer? Maybe you'd like to return to your own school. It's a great way for students to ask about engineering while in their own environment. The initiative aims to give students an insight into what engineering is about and what the engineering team does in the workplace.

- **Student Seminars**

If you are interested in increasing awareness of what exactly engineers do, please volunteer! We host student seminars in colleges and I.T's throughout the country to promote engineering to 4th, 5th and 6th year students. The aim of the student seminars is to give secondary school students an introduction to the various disciplines of engineering. We are looking for volunteer engineers who would be interested in speaking at these seminars about their experience studying engineering and working in the engineering sector. STEPS to engineering would provide a sample presentation and the presentation would take approx ten minutes.

VOLUNTEER APPLICATION FORM:

Please indicate which activity/activities you would like to participate in:

- Engineering & Technology Champions
- Student Seminars

Please provide the following details:

<p>Name:</p> <p>Email:</p> <p>Phone number:</p> <p>Location</p> <p>Company:</p> <p>Your Current Role:</p> <p>How long graduated:</p> <p>Educational background:</p> <p>Why did you choose engineering?</p> <p>What do you like about your job?</p> <p>Thanks for volunteering.</p> <p>We'll be in touch!</p> <p><u>Please complete and return to STEPS to engineering at info@steps.ie, fax to 01 668 4248 or sent to STEPS to engineering, Engineers Ireland, 22 Clyde Road, Ballsbridge, Dublin 4</u></p>

STEPS to engineering is an Engineers Ireland programme supported by Discover Science & Engineering, the Department of Education & Science, FÁS and Industry. The programme aims to encourage primary & post primary students to explore the world of science and engineering and raise awareness about engineering as a career choice.
