

Engineers Week

Saturday, 28 February – Friday, 6 March 2026

Site Visit

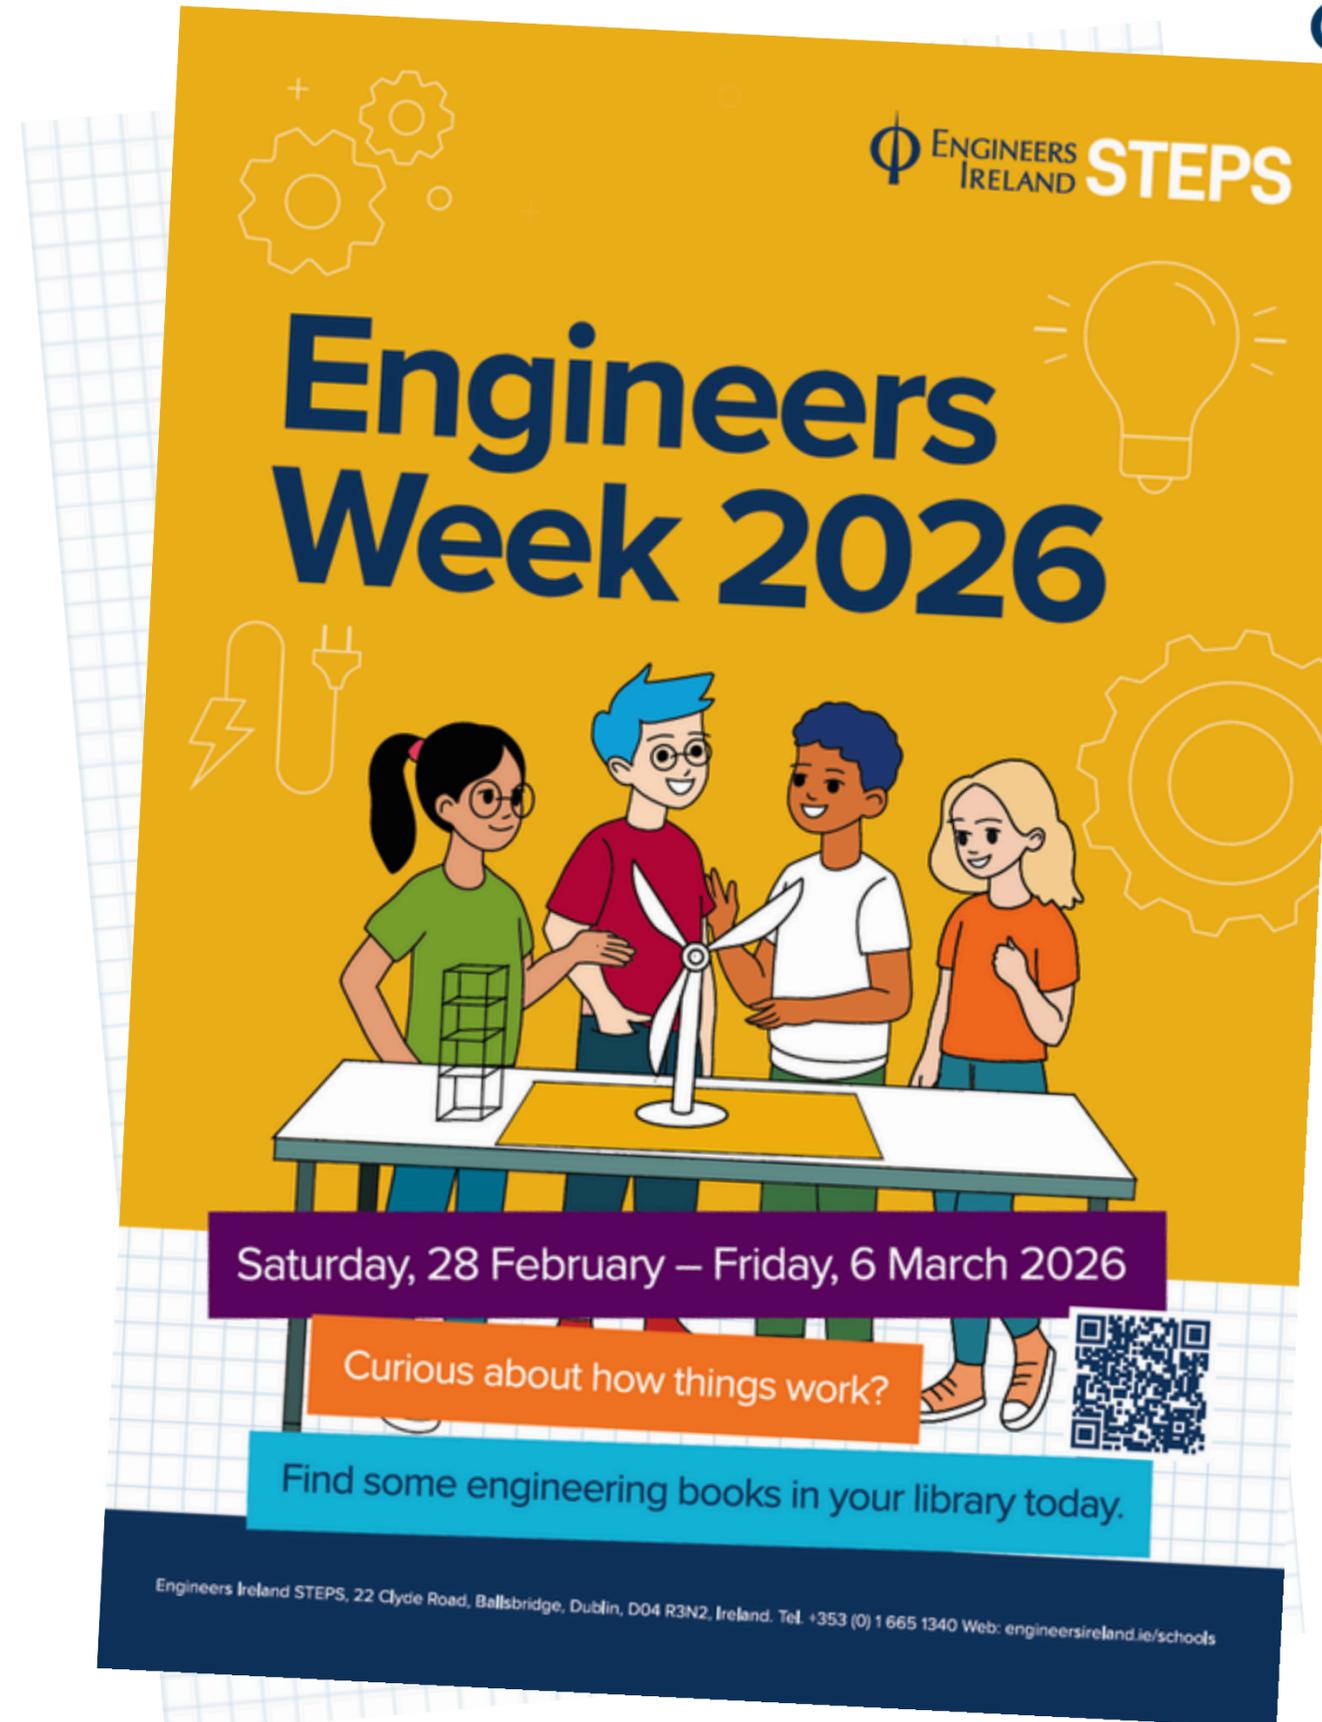

Agenda

STEPS 5-10mins:

- Introduction to Engineers Week
- STEPS support
- Ignite engagement in engineering!
- How to celebrate your work

Guest Speaker (20mins)

Q&A (15mins)

The poster features a yellow background with white line-art icons of gears, a lightbulb, and a plug. At the top right is the logo for ENGINEERS IRELAND STEPS. The main title 'Engineers Week 2026' is written in large, bold, blue letters. Below the title is an illustration of four diverse children (two girls and two boys) standing around a table. On the table is a small wind turbine model and a stack of books. At the bottom of the poster, there are three colored banners: a purple one with the dates 'Saturday, 28 February – Friday, 6 March 2026', an orange one with the text 'Curious about how things work?' and a QR code, and a blue one with the text 'Find some engineering books in your library today.'. At the very bottom, in a dark blue banner, is the contact information: 'Engineers Ireland STEPS, 22 Clyde Road, Ballsbridge, Dublin, D04 R3N2, Ireland. Tel. +353 (0) 1 665 1340 Web: engineersireland.ie/schools'.

About Engineers

Week

Poll

Have you participated in Engineers Week Before?

Inspiring School Children to Engineer a Brighter Future

STEPS unlocks the potential of engineering for school children eager to make a meaningful impact in the world.

Young Engineers Award

The STEPS Young Engineers Award is an engaging community engineering competition tailored for 3rd and 4th class, empowering students to design solutions for a local community problem.

Engineers Week

Introducing primary and secondary school children to the diverse and exciting world of engineering, sparking curiosity and nurturing a passion for innovation.

Engineering Your Future

Provides Transition Year students with an exclusive chance to delve into the world of engineering through a hands-on and immersive work experience.

Guides Engineering Badge

Crafted in collaboration with the Irish Girl Guides, our program provides girls with the opportunity to explore the fascinating field of engineering in a fun and familiar setting.

Engineers Week

Introducing primary and secondary school children to the diverse and exciting world of engineering, sparking curiosity and nurturing a passion for innovation.

Engineers Week 2026 takes place from Saturday, 28 February – Friday, 6 March.

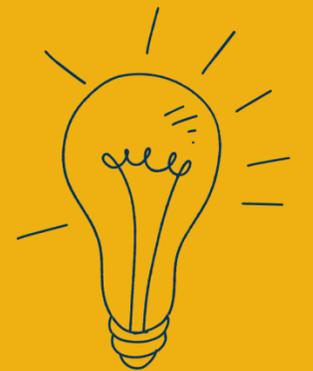

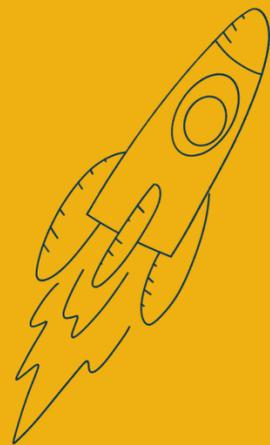

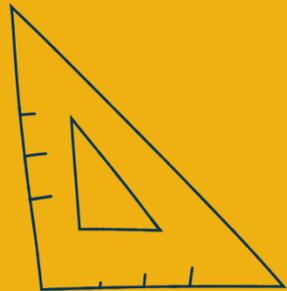

About Engineers

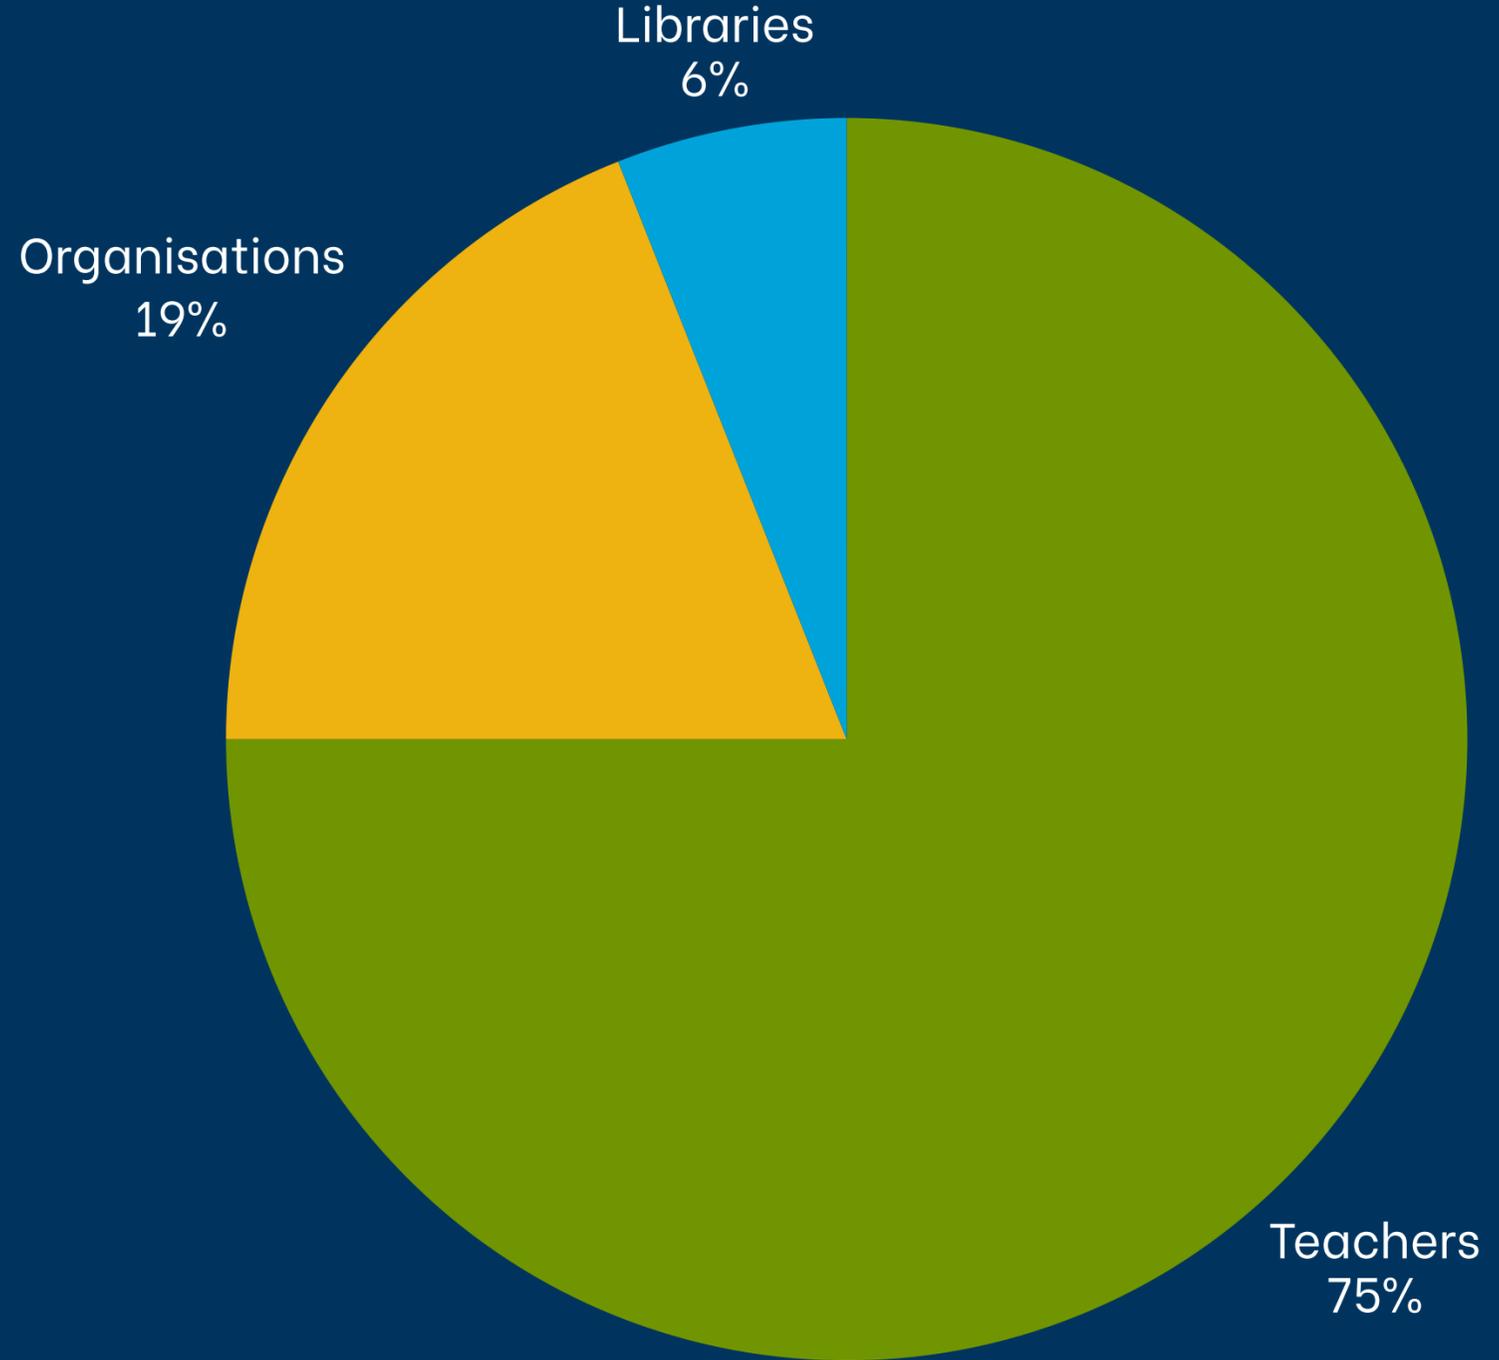

Week

500,000+

Now entering its 20th year, over 500,000 primary and secondary school children have participated in Engineers Week in the last five years alone.

Contact a School Pack

Everything you need to contact a school with confidence:

- [School contact tips and details](#)
- Template email
- Flyer for the school
- Poster for the school
- Questions to discuss with the teacher before the visit
- Photo consent forms

Introductory email template
Subject: Request to visit during Engineers Week 2026

Dear [Teacher],

I am writing on behalf of [Your Organisation's Name], a [brief description of your organisation], to inquire about the possibility of visiting [School's Name] to engage with your students during Engineers Week 2026 run by The Engineers Ireland STEPS programme which takes place from 28th February to 6th March.

During our visit, we could offer:

- A presentation: A talk on what it's like to be an engineer, the different types of engineering, and explore engineering career paths.
- Interactive workshop: Build and test a spaghetti bridge activity with the students so they can use their problem-solving skills to design, build and test a bridge made of spaghetti.
- Q&A session: An opportunity for students to ask questions.

We would be grateful for the opportunity to partner with you to generate interest and enthusiasm for engineering.

You can find more information about our organisation by visiting [Your Organisation's Website]

Thank you for your time. I look forward to hearing from you and discussing this further.

Kind regards,
[Your Name]
[Your Title]
[Your Organisation]
[Your Phone Number]

Puzzles and more

1:1 Support

If you would like to discuss an idea with STEPS, or any aspect of your Engineers Week planning, please book a slot with the team.

Engineering is everywhere

What is engineering?

Magic Integration

Bring any activity to life through the lens of engineering

Engineering is easy and fun to integrate into almost ANY activity or event

- Anything manmade can be linked to engineering
- Children are innate engineers
- They love to solve problems
- They love to work in teams
- They love stories

Tell a Story!

Stories bring your event to life

Can you capture your young audience's imagination and curiosity with a story? Interesting things happen all the time on site... can you tell them about one of them?

Team Work!

Engineers work in teams!

Split the group in engineering teams and give them a task to collaborate on.

Solve a problem

Think of a problem in your organisation.

Can the students come up with an engineering solution? They might surprise you!

Weekly Engineers Week updates and news

The poster features the Engineers Ireland STEPS logo at the top right. The main title 'Engineers Week 2026' is prominently displayed in the center. Below the title, an illustration shows four diverse children gathered around a table, examining a small wind turbine model. The background is decorated with various engineering icons like gears, a lightbulb, and a plug. At the bottom, there are three colored banners with text: a purple banner for dates, an orange banner with a question, and a blue banner with a recommendation. A small QR code is located on the right side of the orange banner. The footer contains contact information for Engineers Ireland STEPS.
