

Annual Student Awards 2018

meeta
THE ASSET MANAGERS

MEETA, the Irish Maintenance and Asset Management Society, in association with ESS Ltd., would like to invite final year students to submit their maintenance projects for the MEETA Student Project Award 2018

WHO CAN ENTER

The prestigious **MEETA Annual Student Project Award 2018** will be awarded to applicants who have completed a project as part of their final year course.

Students on an Honours Degree/Masters Degree programme, an Ordinary Degree or Technical Programme and students on an Apprenticeship Programme are eligible to enter.

The project submitted must have a maintenance, reliability or asset management related theme. The assessment criteria will reflect this.

SUBMISSION DETAILS

Each applicant will be expected to submit 2 copies of a 1 page summary of their project including their results/conclusions by **Friday 21st September 2018**, and be available to present their project to a panel in October 2018. The entrants will be short listed and contacted by Engineers Ireland.

AWARD

The winning applicant will receive a prize and may be offered the opportunity to present their project at the National Maintenance and Asset Management conference on Friday 30th November 2018.

SUBMISSION DATE

Submissions to be marked for the attention of CPD Training and to arrive at Engineers Ireland no later than Friday 21st September 2018.

ABOUT THE SPONSOR

Providing asset optimisation & compliance through people

ESS Ltd is once again proud to sponsor the MEETA Student Project Award. ESS is a national award winning services company specialising in Industrial Maintenance.

Established in 1991, ESS Ltd headquarters is in Limerick with additional offices in Cork and Dublin. We currently employ technical personnel throughout Ireland and the UK providing a range of services including Maintenance Outsourcing, Consultancy, Maintenance Evaluations, Systems & Maintenance Training courses.

In 2013, we acquired Eirdata, Specialists in cleanroom validation, commissioning & compliance to complement our existing services.

ESS Ltd. - Providing Asset Optimisation & Compliance through people.
